WHOLESALE TRADE LIST

FOREST NURSERY COMPANY

GROWERS AND COLLECTORS OF

FOREST AND SHADE TREES AND ORNAMENTAL SHRUBS

Rt. 2, McMINNVILLE, TENNESSEE

SEASON OF 1917-18.

TERMS OF SALE

ORDERS—Write plainly and give explicit directions as to address and mode of shipment; otherwise we will forward according to our best judgment. All goods travel at purchaser's risk. We assume no responsibility for the goods after delivery to the forwarding companies.

When losses occur by delays in delivery, claims should be made at once on the forwarding companies.

CLAIMS, to receive consideration, must be made within ten (10) days of receipt of goods.

GUARANTEE—We are very careful to keep each variety true to name as labeled, and are ready at any time to replace, on proper proof, any that may prove otherwise, free of charge, or refund the amount paid, but it is mutually agreed between the purchaser and ourselves that we shall at no time be liable for an amount larger than the original purchase price.

TERMS, CASH WITH ORDERS, except to such persons as satisfy us as to their responsibility. All bills are due on December 1 and June 1, following shipment. Interest will be charged at the rate of six per cent on bills unpaid December 1 in fall and June 1 in spring.

A Certificate of Inspection will accompany each shipment.

We are glad to have those interested visit our nurseries at any time. McMinnville is on the Sparta branch of the N. C. & St. L. Railroad. We are 8½ miles from town. Will meet visitors at station if notified.

Trees and Shrubs—500 at 1,000 rate, 5,000 at 10,000 rate.

Boxes and bales will be charged for at cost.

SHRUBS

Amorpha Fruticosa, Common False Indigo. A tall native shrub of very easy cultivation, blooming freely in June. The violet spikes are crowded

	Doz.	100	1 M	10 M
in terminals. Of rapid growth. . . . 6 to 12 in.	15	40	\$3 00	\$25 00
“ “ “ 1 to 2 ft.	20	50	4 00	35 00
“ “ “ 2 to 3 ft.	30	80	6 00	50 00

ALTHEA, or Rose of Sharon.

These are grand flowering shrubs. There is a wide range of color, and not a day from the middle of July until September—a time when so few other shrubs are in bloom—that Altheas are not aglow with flowers. They have no insect enemies, grow well anywhere, are splendidly suited for shrubbery borders, for colony plantings and hedges. The planter who uses them freely makes no mistake.

	Doz.	100	1 M	10 M
Althea Rosea, mixed, 6 to 12 in., seedling.	20	30	\$ 1 25	\$ 10 00

HARDWOOD CUTTINGS

We make a speciality of Hardwood Cuttings, having about 25 acres planted especially for cuttings, and all cuttings will be cut with care as to condition and genuineness of stock. Orders for large lots should be placed early, and we will make special prices on large lots.

Most collected seedlings, such as Maples and some others, except large size, are crooked near ground and should be cut back to crown before transplanting. They grow up straight, smooth and much faster and quicker than when planted without cutting back. We cut back all seedlings to crown before transplanting.

FERNS
